Join Now!  
Youth M.O.V.E. Jacksonville  
We are Motivating Others through  
Voices of Experience!

We know the system, because we've experienced  
it first hand.

**The Jacksonville System of Care Initiative is proud to present this FREE, empowering group for youth aged 13-25 who have experience with mental health, foster care, substance abuse, homelessness and/or juvenile justice related issues, and who want to use their experience to help others and improve the systems that serve youth.**
